Facilities to close due to construction at Waco Lake

The U.S. Army Corps of Engineers staff at Waco Lake will close Speegleville II boat ramp and the area behind Speegleville Marina indefinitely to renovate facilities associated with the pool rise.

“We regret that we have to close any areas during the recreation season,” Lake Manager Kathy Gately said, “but during construction, it would be a safety hazard to allow public access.”

As construction is completed, Gately said that each facility will be reopened to the public for use to help minimize the impact on visitors.

For more information, contact the lake staff at (254) 756-5359.
